HTX 30

SPECIFICATIONS

The HTX Series is our next generation of waterjets. The entire series features redefined performance, enhanced durability and easier installation.

HTX30 features:

- Max Power 570 kW
- Compact inboard footprint with fully integrated hydraulics
- New hydrodynamic design delivers 7% more high speed efficiency
- 19% increase in peak bollard pull
- New high efficiency, low wear steering system
- Mixed flow tapered housing
- 10 x more corrosion protection
- Up to 55 knots
